

Medical Tourism Research

Posted by Crane - 2008/03/16 02:01

Hello there,

I'm a final year tourism student at Sheffield Hallam University (United Kingdom) and I'm in the process of writing my final dissertation on the motivating factors of medical tourists. I would very much appreciate it if you would answer a few questions on my survey. It's very brief, and will take very little time to complete.

The questionnaire is completely anonymous, and under no circumstances will I use the responses for anything else other than accomplishing my research objectives.

The questionnaire can be accessed at:

Thank you very much.

Theo :-)
